BALMACEA ALIVE.

Story of His Suicide Contradicted.

AN ELOPEMENT AT NAPA, CAL.

Farmers Alliance Dying in the South.

Premier of New South Wales Resigned.

U. S. Supreme Court Proceedings.

WASHINGTON, Oct. 19.—The United States Supreme Court to-day advanced and assigned for argument the first Monday in December the cases of the two murderers to be executed in New York by means of electricity. The two men are Nicola Trezzia and James McElvaine.

The United States Supreme Court to-day advanced for hearing the cases of the anarchists, Fielden and Schwab, now in the Illinois penitentiary, for complicity in the famous Haymarket riot in Chicago. The cases will come up for hearing in December.

The Boyd-Tyher case, involving the title to the office of Governor of Nebraska, came up on a motion to advance its hearing. The attorneys representing the Tyher side of the suit intimated they would prefer the hearing should not take place before the new year. Ex-Attorney-General Garland submitted a motion to advance the case, as attorney for Boyd. The court took the matter under advisement.

An Elopement

Special to the GAZETTE.

NAPA (Cal.), Oct. 19.—Dr. E. Z. Hennessey, Mayor of Napa, and Miss Mamie Tyher were married late last night by Superior Court Judge Ham. Dr. Hennessey spirited the young lady away from her home, and drove hastily to this city where the marriage took place. The bride was the daughter of Mr. and Mrs. Richard Tyher, well-to-do farmers. They had opposed the marriage, being Catholics and the prospective bridegroom being a divorced man. The wedded couple went to San Francisco to-day. Mr. and Mrs. Tyher did not discover the elopement until this morning.

Balmaceda Not Dead.

By Cable and Associated Press.

CINCINNATI, Oct. 19.—Francis Rivers and Signor Darlos Del Rio, late of the military staff of President Balmaceda, of Chili, arrived here yesterday en route for New York. They had with them Louis Bloch of California as interpreter. Through him, they said, Balmaceda is not dead, all reports of suicide to the contrary notwithstanding; and they expect to meet him either in New York or in Europe.

Gold Discoveries.

Special to the GAZETTE.

CLIFTON (A. T.), Oct. 19.—On a ledge nine thousand feet long discoveries have been made recently of gold in a gulch two miles and a half from Morenci, that are causing some excitement. The discovery was first made on a claim located in 1882 by Captain Finkler of California, who was murdered by Apaches at the time. It is claimed the first shipment will pay for the mines.

Farmers Alliance Dying

By Associated Press.

BALTIMORE, Oct. 19.—United States Senator Wade Hampton, who is visiting here, in an interview with a Sun reporter, says the Farmers Alliance is rapidly disintegrating in the South, and that within the next four years it will entirely disappear. The people, he says, are rapidly awakening to the absurdity of the demands the organization has promulgated.

Fell From a Wharf.

Special to the GAZETTE.

PORTLAND (Ore.), Oct. 19.—The dead body of U. S. Groves was found lying on some logs this morning; it is thought that, while intoxicated Groves fell from the wharf on the logs below. He was connected with the Oregon Express, and was formerly in business in Okanogan country but failed.

Premier Resigned.

By Cable and Associated Press.

STONEY (N. S. W.), Oct. 19.—Sir Henry Parkes, Premier of New South Wales, so says the dispatches, has resigned, as a result of the defeat of the government on Thursday last.

A Judge's Opinion.

Special to the GAZETTE.

SAN RAFAEL (Cal.), Oct. 19.—This morning Judge Angelotti gave his opinion in the case of the Creditors of the Estate of J. M. Donabue vs. The Executors of the Estate. The case was on petition from the creditors asking that the executors be ordered to sell sufficient of the property of the estate to pay the claims allowed by the court over one year ago. Considerable interest was manifested in the proceedings.

The opinion, briefly stated, is to the effect that it is the duty of the executors, under power of the sale contained in the will, to sell sufficient of the property of the estate to pay such debts as have been duly allowed; that the court, however, has no jurisdiction to order the sale of any specific property, except after a petition in the form required by the probate act. In his case no such order could be made. The opinion further indicates there are two courses open to the creditors, in either one of which the court could, if the evidence justified, make a valid order, the first being a proceeding for a sale conducted in accordance with the provisions of the code, and the second being a proceeding for the removal of the executors in the event they did not sell, if the evidence showed it to be their duty and within their power to sell. The court further held that any order it might make, based on the present proceedings, would be utterly worthless. The creditors' petition was therefore denied, without prejudice to the institution of new proceedings.

A Duel to Death.

By Associated Press.

SAN ANTONIO, (Tex.), Oct. 19.—Victoriano Valasco and Uspinaro Ramirez, two young Mexicans of this city have been for some time paying their respects to the same Spanish senorita. She refused to encourage one suitor more than the other. The two rivals decided to settle the contest by a duel. At midnight of Saturday they left for a deserted building where, stripping to the skin they began the battle, each using a long stiletto. They had been fighting for some time when the attention of a policeman was attracted to the place by the noise. He forced an entrance and found both men in a terrible condition. They were each covered with blood which was flowing from many cuts. They were separated and both taken to the hospital. They will probably both die.

A Sweeping Boycott.

By Associated Press.

WHEELING (W. Va.), Oct. 19.—The boycott against the wholesale firms of this city, declared by the Warehousemen's Union, went into effect to-day. It will be very sweeping in its effect, and be prosecuted by every class of organized labor. The merchants had no trouble in filling the places of the strikers. The wholesalers here pay better wages than anywhere else in the Ohio Valley and claim that the strike is unreasonable.

The McLean Safe.

By Associated Press.

OTTAWA (Ont.), Oct. 19.—Advices from North Sydney, C. B., state that dispatches were received there from Captain McLean at San Francisco, announcing that the McLean brothers, recently captured by Russians in Behring Sea, succeeded in regaining their liberty. The Captain states that his vessel is safe at San Francisco and his brother Alexander on his way home to Cape Breton.

Orders to Occupy Tomb.

By Cable and Associated Press.

ORAN-GARRISON, Oct. 19.—At Tiemcon, sixty miles southwest of this point and in the vicinity of the frontier of Morocco, the troops suddenly received orders to march upon and occupy Tqat, an oasis in the Sahara, concerning which, France and Morocco have been disputing for some time past in order to prevent its being occupied by forces of the Sultan of Morocco.

Lutheran Church Resolution.

By Associated Press.

BUFFALO (N. Y.), Oct. 19.—At this morning's session of the general council of the Lutheran Church a resolution, calling upon the United States Commissioners of the World's Fair to close the exhibition on Sunday, was unanimously adopted.

Governor Hill and Party.

By Associated Press.

RICHMOND, Oct. 19.—Governor Hill and party arrived at 8:40 this morning. After breakfast they took a drive over the city and at 1 o'clock an informal call was made on Governor McKinney; they afterwards lunched with Mayor Ellison.

No Outbreak of Negroes.

By Associated Press.

CHARLOTTEVILLE, (Va.), Oct. 19.—A detachment of Monticello guards, of Charlottesville, arrived here. All is quiet. It is not believed there will be any attempted outbreak of negroes.

Weather Report.

Special to the GAZETTE.

SAN FRANCISCO, Oct. 19.—Forecast, fair weather.

Free Mail Delivery in Country Towns.

By Associated Press.

NEW YORK, Oct. 19.—An organized effort is under way among the farmers to secure free mail delivery in country towns. The Farmers' Alliance, Farmers of Industry and other orders are canvassing the matter. Letters are being written to Congressmen in favor of the project and petitions to Congress are being circulated in different parts of the country. The Farmers assert, that daily mail delivery at their doors will add to the money value of their farms and be worth still more because it will keep them in touch with the markets and the outside world.

Christian Board of Missions.

By Associated Press.

PITTSBURGH, Oct. 19.—The third session of the Christian Women's Board of Missions met to-day and elected their national officers. Mrs. O. A. Burgess of Indianapolis was selected for president. The remainder of the session was given up to addresses and making reports.

Electors Elected.

Special to the GAZETTE.

SANTIAGO, (Chili), Oct. 19.—The Electors who will choose the President were elected in Chili yesterday; no disturbances reported.

Grain Market.

Special to the GAZETTE.

SAN FRANCISCO, Oct. 19.—Wheat, buyer, '91, \$1.72½; season, \$1.80.

COLONEL J. W.

A Woman Who Takes Pride in Her Husband's Military Title.

A well-known citizen of Reno, who on certain occasions indulges too freely in the flowing bowl, and who for short the GAZETTE will call Colonel J. W., spent the early morning on Saturday visiting the many saloons in town until he became loaded to the guards, when a couple of his friends took him home. His good wife saw the trio coming up the street, when she said to the children: "Law me! There comes Colonel J. W. up the street leading two men." One of the little Colonels, of an inquiring tone of mind, said: "Ma, are we all Colonels?" And was sharply answered by the good woman: "No, you num-skull, only your pa and I." By that time the old Colonel had got to the gate and was wrestling with the front door.

A PALACE.

The Place to Buy and a Large Stock to Select From.

Of all the astounding facts of the day is to know how the Palace Dry Goods and Carpet House manages to sell goods at the prices they do. To-day they make an announcement more startling than ever about the price of blankets and comforters, ladies' ribbed vests, knit shirts, plaid cheviot goods, cheviot suitings and sealette jackets. Their stock is the largest of any in the State and as large as any on the coast, and their prices compare with the times. Read their new ad, and quit sending below for an article that you can buy cheaper at home.

Wheat Rust.

The Lyon county Times says:

There is considerable wheat rust in Mason Valley this year. More than has ever been known before, and the crop will not be as good as expected. The rust is caused, we are informed, by irrigating the grain at the wrong time—when kernels are in the milk—which forms a fungus around the stalk and prevents the grain from ripening, making it shrivel up.

Colonel DeAnna Dead.

The Carson News of Saturday says: News was received yesterday of the death of a former Carsonite, H. C. DeAnna, in New York. Deceased was about 65 years of age, and was a resident of Carson for several years, acting as Timber Agent for Nevada, but about five years ago he departed for Mexico, and then to New York. He leaves a family of four children, all of whom are grown.

A Fine Pointer.

Jim Conroy of the Palace Hotel has received a splendid pointer puppy bred by Frank L. Wildes of the Nevada Bank in Virginia City. It is of a beautiful lemon and white color, answering to the name of Bruce. It was whelped August 34, 1890, by Royal Shot, from Champion Ranger and White Lily, and Chloë B., from Jennamores and Blackbird. The little fellow is a beauty.

Remains En Route.

The remains of William Smalley, formerly third baseman of the Oakland Baseball Club, said to be the best third baseman in the United States, passed west last night. Smalley died at the East, where he played with one of the National League clubs the past season, a few days ago, and his remains were taken to Oakland for interment.

Court in Humboldt.

Judge Cheney left for Winnemucca yesterday morning. He convened court there this morning and will try R. W. Lewis, under indictment for murder. E. D. Kelley and General Turritt left this morning as witnesses in the case.

Another Excursion.

The Honey Lake Land and Water Company will run another excursion train from San Francisco to Lassen county on next Sunday. They sold 1,600 acres of land on the last trip and will come with two full car loads next time.

CIGARS SEIZED.

In San Francisco by the Collector.

DISPATCHES FROM VALPARAISO.

Damage Done by the Late Hurricane.

Italy Throws Down the Bars to American Pork.

Unstamped Cigars.

SAN FRANCISCO, Oct. 19.—It became known to-day that a seizure of 50,000 cigars had been made on Friday last in the store of Davis, Haber & Co., commission merchants. The cigars have the stamp of a Jacksonville, Florida factory of Goldareni and Intenz, and customs officials of that district state that twenty millions of these cigars have been disposed of in San Francisco. The cigars were consigned to this city by a New York firm.

The boxes were marked all right, but the cigars bore unmistakable signs of being Chinese, and some purchaser, who wanted what he paid for, brought the matter to the attention of the Collector of Internal Revenue, and the seizure was the result. After the seizure was made, Internal Revenue agent, Eldridge, telegraphed the Collector of Internal Revenue at Jacksonville, Florida, to know who were the owners of factory No. 45. The Collector wired back that they were Goldareni & Extrense. Eldridge placed himself in communication with the firm, and elicited the information that the fraud had been known to them for a year past, and that over 20,000,000 Key West cigars had been sold in San Francisco under their name, and the sale of their goods had been ruined by it. They stated that if necessary, one of the firm would come to the coast and assist in the investigation.

Damage Done by the Hurricane.

By Cable and Associated Press.

LONDON, Oct. 19.—The hurricane which has prevailed on the west coast of Ireland for several days past is pronounced to be the worst storm known in that part of the country in twenty years. The river Shannon overflowed its banks and submerged large quantities of land in its vicinity, drowning a considerable number of cattle and sheep and destroying several houses and many barns and other buildings.

Among a long list of vessels wrecked was a French brig, which was lost to-day off St. Catherine's point. Five men of the crew were drowned.

A Report Confirmed.

NEW YORK, Oct. 19.—The agent of the Royal Netherland steamship line, received this morning a dispatch from Rotterdam confirming the reports of the breaking down at sea of the steamer Edam.

The dispatch stated that the Edam would put into the nearest English port for repairs. The agents here say the Edam had plenty of sail to take her into port and they do not fear for her safety.

Italy Admits American Pork.

By Associated Press.

CHICAGO, Oct. 19.—A Washington special says Secretary Rusk received a dispatch from President Cantacine of the Italian Chamber of Commerce of New York announcing that he had received advice from Rome that the Minister had unanimously decided to abolish the decree shutting out American pork.

Dispatches From Valparaiso.

By Cable and Associated Press.

LONDON, Oct. 19.—Dispatches to the Times from Valparaiso say evidence from neutral sources confirm the statement made, that the United States squadron in Chilean waters, both in words and deeds, displayed enmity towards the congressional navy during the recent civil war in Chili.

A Report Discredited.

WASHINGTON, Oct. 19.—A report from London that the United States naval squadron in Chilean waters displayed enmity to the Congressional navy during the recent war in that country, is wholly discredited at the Navy Department.

Receiver Appointed.

By Associated Press.

CHICAGO, Oct. 19.—This morning James Lloyd was appointed receiver for the Economic Mutual Live Stock Insurance Co. on a petition filed by the Attorney-General. The insolvency of the company was admitted by the officers.

Methodists in Council.

By Associated Press.

WASHINGTON, Oct. 19.—The eleventh day's session of the Ecumenical Methodist council opened with Wm. Warden Wesleyan, of the former of Union England, in the chair. The committee made a report upon the subject of a week's prayer, recommending that the week beginning November 15th next be set aside for that purpose; the report was adopted. The committee on Methodist statistics reported that since the London Ecumenical Council there was an increase of thirty per cent. in Methodist believers. The report shows that the ministers, number 42,695; members, 6,495,399 and adherents, 28,878,000, adopted. A resolution was adopted, making to-morrow's session the last of the conference. The report of the committee on the executive session recommended that the third Ecumenical Council be held in 1901, and that the executive commission is to consist of eighty members, divided into two sections called respectively the eastern section and the western section. This body is to arrange for, and make necessary arrangements for the next conference. The report went over until to-morrow, and the topic of the day, "Church and Public Morality," taken up.

Cyclone at Bermuda.

By Associated Press.

NEW YORK, Oct. 19.—The steamers arriving from Europe, to-day and yesterday brought in \$1,553,000 in gold.

A dispatch from Bermuda to the signal office of this city announces a severe cyclone storm dangerous to shipping raging at Bermuda.

It was announced to-day that John A. Schleicher assumed the chief editorship of the Mail and Express, made vacant by the death of the late Major Bundy. Schleicher retires from the editorship of Frank Leslie's Weekly to accept his new place.

Hawaiian Minister Dying.

By Associated Press.

NEW YORK, Oct. 19.—H. A. P. Carter, Hawaiian Minister to the United States, who is lying ill in this city, is no better to-day. He has a complication of the kidney, lung and heart trouble, combined with dropsy. There is little hope of his recovery.

Wonders Never Cease.

Thousands of different kinds of washing machines have been before the public, but all have had their faults and failures. Mr. H. H. Tuttle, now on his way east from California, comes here well endowed with a new and self-working device for washing, which has created a great stir in California, and bids fair to fill the great want felt in that line. He is stopping at the Golden Eagle Hotel or Thomas' tin shop, and would be glad to show his invention or talk business to anyone who would like to handle a paying business.

Entertainment.

The entertainment to be given by the Ladies' Aid Society of the M. E. Church next Friday evening, at the Opera House, promises to be a grand affair. No effort has been spared to make it a success. A cordial invitation is given to the general public to be present. Admission 50 cts., children 25 cts.

The Salt Lake Tribune contains the following:

A contemporary begins an editorial with these words: "It is amusing to note the squirming of our Republican friends on the free coinage question. As a rule, the Democrats like to be chased on the side of free coinage."

Who are these Democrats? Are they Mr. Hill, Mr. Cleveland, Governor Campbell, or any other prominent Eastern Democrat? Is it the Democratic press of the East; is it the World or the Times or the Evening Post of New York; is it the Record of Philadelphia; the Globe of Boston; is it the Herald of Chicago, is it any of the prominent Democratic papers, North or South with a single exception?

This contemporary quotes from Senator Hoar as follows: "The test of the attitude of the two parties on the silver question will be, to think for a moment what would have happened in the last Congress or what would have happened in the next Congress, if the Republicans were to refuse to vote and leave the Democrats to settle the question." That is a speech by a Republican in a great interest-gathering State of the Union, and in its trying to break down the argument of the Democratic candidate for Governor in that State in which he utterly repudiated silver, and there is no particular sense in those quoted words. And if the Democrat in reply were only partially familiar with the question, he would retort in these words: "It is true the Democrats were all crazy in Congress to vote for a free coinage bill last winter, because they wanted to put the President of the United States in a hole, and use the buncombe which they would have made, in this year's campaign. But if you want to get the real status of how the Democratic party stands, go back a little to the record of the last Democratic administration, and you will see that with an overwhelming majority in one House, when the Republicans in the other House passed a Free Coinage bill we stamped upon it, and our President then stood ready in case we passed the bill, to veto it as cordially as ever he vetoed a soldier's pension bill. In our last National Democratic platform we utterly ignored the matter."

And all that amounts to nothing. The fact remains just as it has been, that the men of the West generally favor silver; the men of the extreme East oppose it. The campaign of education is going on in the Mississippi and Missouri valleys, and it will be all right by and by, and the triumph will not be a Republican triumph, or a Democratic triumph, but it will be the result of an enlightened public opinion, backed by men of both parties, which finally prevailed and became a law.

The Journal does not have to apologize for or explain its course on the Assessors bill.—Sunday's Journal.

No; its course is thoroughly understood. It seems now to have been our allusion to the Democratic press that instigated the Journal's anger. But as life is too short for quibbling, we will take it all back so far as the Democratic press goes, and let our neighbor have its own way.

News now comes from the northern borders of Minnesota and Dakota that the Chinese are swarming over the frontier. There are but six customs officers to guard some six hundred miles of boundary, paralleled at a distance of less than a hundred miles by the Canadian Pacific.

The Boston Herald says: Gold is coming back to America in the same sacks in which it was shipped to Europe a few weeks ago. It is to be hoped that it has enjoyed its trip abroad and that it comes back like other tourists, more thoroughly American than ever.

The Eureka Sentinel says: "The whole Democratic party will be united for free coinage before a great while."

Can you give us an idea, George, of about how long it will be?

# HOW SWEDS MOURN.

No Complaint, No Sign of Grief on the Part of Bereaved Ones.

It is remarkable how foreigners domiciled in this country still cling to their native customs. This is especially true when they are congregated in large numbers. The single German, Frenchman or Norwegian who has made his home in some portion of this land of liberty may still adhere to his oddities and habits of old, but he does not mock with the necessary encouragement from his fellows, and probably finds that American life takes the place of the expected approbation.

Last summer a field hand on one of the farms in North Dakota was struck by lightning and instantly killed. The proprietor of the farm notified the parents of the unfortunate Swede of their son's fate. They were an old couple who own and farmed one of those quarter-section tracts that Uncle Sam gives away so lavishly. They had been in this country for many years, their son was born here, and yet, when it came to the solemnity of burial, they reverted at once to the memories of their native land and its customs.

The parents did not even go to view the body nor attend to its preparation for the grave, says the Illustrated American. Friends brought it home in an ordinary farm wagon, and then, instead of carrying it into the house, placed the remains upon a wide plank resting on two upturned barrels in the stable. Horses grew restive as they always will when placed near a corpse. The cattle forgot to munch their hay, and covered back in the stable, showing their realization that something unusual was happening. All this while the dead boy's parents were busy within doors donning their best apparel; the aged mother even hunted up an old hair trunk from the depth of which an odd and peculiar sort of miter was taken, decorated with ribbons of all possible and impossible colors. This she solemnly placed upon her head, as she had seen it done in the faraway home, so long ago, near the North Cape.

They then took chairs, side by side, in their living-room and waited. After awhile friends arrived, many of them wearing odds and ends of costume brought from over the ocean scores of years ago.

Then all, excepting the parents, adjourned to the stable, collecting around the body of the dead man, where refreshments were served, and an occasional low, wailing song was chanted. After this they proceeded to the burial ground ten miles away, and the last rites were performed after the same simple manner.

Strangest of all, the two beings most interested still sat within doors, in solemn silence, decorated with their quaint relics of dress. They declined to accompany the funeral cortege, and hours afterward, when the mourners and friends had returned, were sitting immovable as though spellbound. Supper for the entire assemblage concluded this rather ghostly performance, but the old people who had lost their boy still sat silently as before, without an expression of complaint or pique for sympathy. Was this a lack of feeling or stoicism?

# WOODCHUCKS AS CLIMBERS.

The Fact Established That They Can and Do Climb Trees.

Some people have long asserted that the woodchuck can climb trees as readily as the bear can, and that in the early summer they habitually seek the branches of apple and other fruit trees to feed on the tender and juicy young leaves. This assertion has been ridiculed by others, who say that it is impossible for a woodchuck to climb a tree, the animal not being physically capable of performing such a feat. That the woodchuck can and does climb trees, however, was demonstrated in a most unmistakable manner in an eastern village a few days ago. E. Beck, president of the Hammondsport (N. Y.) board of education, was sitting in the door in the rear of a store when he saw a big woodchuck come stealing along a gravelly knoll across the creek, not more than a hundred yards distant. The woodchuck stopped at the foot of a tree, inspected it for a moment and then climbed it with the ease of a squirrel, but going up as a bear climbs a tree. Beck called others to witness the sight. The woodchuck did not remain long in the tree, and came down, letting itself down rump first. It then went up another tree, where it could be seen making a feast on the tender leaves. A few minutes later the woodchuck for some time a citizen got his rifle and picked the woodchuck from its perch. The animal was very fat, weighing nearly twenty pounds.

# Crime as a Disease.

No man can serve many years in prison without forming very decided theories as to criminal mania. I have watched the matter carefully, says Mayor Noonan in the Globe-Democrat, and am convinced not only that crime is a disease but also that it is both infectious and hereditary. More than that, it is a disease which runs very largely in grooves and even in nations. Thus there are emigrants of certain nationalities who will commit offenses of the most horrible nature, without apparently any conception of the crime involved, but who would starve rather than steal a cent, and there are habitual thieves who are the soul of honor in all things save one. Some day if I can find the time, I will write a book on mania, with special reference to cases which have come under my personal notice, and whatever the literary imperfections, the work will be a valuable one. I sometimes think our criminal-court machinery is based on an exploded or incorrect theory.

An American Woman Abroad.

The Boston Transcript tells of a lady from a western territory who entertained her American friends in London very much by her naive descriptions of the places in Europe she had visited that she had never even heard of before. Westminster abbey and Mine. Tussaud's were among them. It was when she was starting for Rome that she astonished a party of people at a dinner-table by saying: "I hear there are some of those hecatombs in Rome, such as they have in Paris; but I shall never go to see any of them anywhere. I couldn't bear to think that I was looking at the scaphagones of the martyrs!"

# MISCELLANEOUS.

## Dyspepsia

Makes many lives miserable, and often leads to self-destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes digestion, relieves headache, clears the mind, and cures dyspepsia.

In a Terrible Condition.

"I owe my life to Hood's Sarsaparilla. For two years I was in a terrible condition with dyspepsia. I could eat nothing but soda crackers, and my weight fell from 170 to 135 pounds. Hood's Sarsaparilla helped me at once, and after using 12 bottles I was entirely cured. I have gained my usual weight, 170 pounds, and have had excellent health ever since." T. J. WILCOX, 30-31 1st South Street, Salt Lake City Utah.

Headache—Hot Flashes.

"I had headache, hot flashes, soreness and swelling across my body, pain in my right side, with frequent vomiting. I used Hood's Sarsaparilla with the best results. I am in better health than for four years. Hood's Sarsaparilla is safe, reliable, and sure." J. C. WILLIAMS, Auburn, Cal.

# SICK

## Head-Aches

Sick-headaches are the outward indications of derangements of the stomach and bowels. As Joy's Vegetable Sarsaparilla is the only bowel regulating preparation of Sarsaparilla, it is seen why it is the only appropriate Sarsaparilla in sick-headaches. It is not only appropriate; it is an absolute cure. After a course of it an occasional dose at intervals will forever after prevent return.

Jno. M. Cox, of 735 Turk Street, San Francisco, writes: "I have been troubled with attacks of sick-headaches for the last three years from one to three times a week. Some time ago I bought two bottles of Joy's Vegetable Sarsaparilla and have only had one attack since and that was on the second day after I began using it."

# BEECH'S TEA—PURE AS CHILDHOOD.

## To Tea Drinkers!

Probably three-fourths of the teas consumed are "Green Teas." Unpleasant as the fact may be, the bright shiny green so familiar to us all, is not the natural color, but is due to the facing or glazing of the tea with Prussian Blue, Indigo and other mineral colors.

That coloring hides the effects of poor teas is undoubted; but is it healthful, and does it not call loudly for the importation of a brand of pure, uncolored, unmanipulated tea?

It was this condition of affairs that prompted the placing of Beech's Tea before the public. Being the absolutely pure uncolored leaf, it is different in color from any you ever used. It draws a canary color of a delightful fragrance that is a revelation to tea drinkers, and its purity makes it more economical than the artificial teas, less of it being required per cup. Sold only in packages. 60 cents per pound. Ask for

## JOTTINGS.

Slipper sales, woolen yarns and novelties at Miss Gibbs'.

The world consists principally of three classes—those who are in it, those who wish they were out of it, and those who take their lunch at Jake Becker's. His beer is the best and goes fine with his lunch.

"Walter, take this soup back to the kitchen." "Might I ask why?" "Of course. While you recommend it warmly you have served it cold." You get no such service at the Riverside hotel; but hot meals and an elegant room to sleep in.

Mr. J. R. Shepard, manager of the Paris Co-operative Mercantile Institution, Paris, Idaho, says that for colic produced by change of drinking water, Chamberlain's Colic, Cholera and Diarrhoea Remedy is without an equal. It is quick and effectual and leaves no bad results. For sale by J. B. McCullough.

## The Result of Merit.

When anything stands a test of fifty years among a discriminating people like the Americans, it is pretty good evidence that there is merit somewhere. The value of a medicine is best proved by its continued use from year to year by the same persons and families, as well as by steadily increasing sale. Few, if any, medicines have met with such continued success and popularity as has marked the introduction and progress of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is the result of merit, and that Chamberlain's Pills actually perform all that is claimed for them, is conclusively proved by the fact that those who regard them with the greatest favor are those who have used them the longest. Chamberlain's Pills are sold in every drug and medicine store, either plain or sugar coated.

## Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite left away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of 8 years standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Specker, Catawba, O., had five large Fever Sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him. Sold at W. Pinner's Drug Store.

## A Word to Ladies.

Ladies who desire a beautiful clear skin, free from pimples, blemishes and other eruptions, should commence at once to use Dr. Gunn's Improved Liver Pills. They will also remove that heavy look about your eyes and make them bright, and will cure headache from whatever causes it arises. Remember, Shiloh's Catarrh Remedy to take one small pill at bed time, which is coated with pure sugar, and will not grip or produce any unpleasant sensation. Sold at 25 cents by S. J. Hodgkinson.

## New Test.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs. Dr. King's New Discovery for Consumption Coughs and Colds is guaranteed to give relief, or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at W. Pinner's Drug Store. Large size 50 cents and 50.

## For Over Fifty Years.

Ms. WISLOW'S SOOTHING SYRUP has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by all druggists throughout the world.

## Surprise.

Overcomes ice at seeing you here. Mamie. I heard that you were prostrated with one of your blinding headaches. True, I was, but a single dose of Cephaline completely relieved me. You can get it at any drug store.

A Chicago Man Looking for an Investment.

The Secretary of State is in receipt of the following communication which he has referred to the State Board of Trade:

1169 Rookery, Chicago, Ill., Oct. 12, 1891.

Secretary of State, Carson City, Nevada.—Dear Sir:—Has the State of Nevada any cheap lands that could be irrigated and that are suitable for farming purposes? If so, kindly give particulars. If the State has none can you refer me to parties who have in your State or elsewhere? I have a client for \$1,000,000 of Irrigation Bonds; where can I get them?

Awaiting your early reply, I am, Yours very truly,

E. C. GIBSON.

P. S. Want to buy land referred to.

The Secretary of the Board has answered this communication. This would indicate that there is no lack of money to reclaim the State if we were organized and ready.

## Hanging Too Good.

A sneaking brute in the form of a man visited the ranch of Mr. McEwen, near Lakeview, this county, some time Saturday night and mutilated a lot of his horses by cutting off their ears and tails. Hanging is too good for such a scoundrel.

## A LITTLE MORE LIKE IT.

The State Board of Equalization Correcting, as Far as the Law Permits, the Mistake They Made.

The State Board of Assessors and Equalization finished their work Saturday evening of equalizing property by adopting the following resolution: Resolved, That the valuation of the property as shown on the entire assessment roll of Storey county for the year 1891, including the property assessed by the State Board of Assessors and Equalization, excepting all moneys, be increased by the addition of ten per cent, so as to make said assessment roll conform to the actual cash value of all the property assessed and contained on said roll at this date, and to equalize the value of the taxable property of the several counties in the State for the purpose of taxation.

A similar resolution and order was adopted with reference to all other counties in the State, except as in the per centum, which per cent. is as follows: Douglas county, 20 per cent; Elko county, 15 per cent; Churchill county, 20 per cent; Washoe county, 15 per cent; Humboldt county, 15 per cent; Esmeralda county, 10 per cent; Ormsby county, 15 per cent; Lyon county, 10 per cent; Lander county, 10 per cent; White Pine county, 10 per cent; Nye county, 10 per cent; Lincoln county, 10 per cent, and Esmeralda county, 5 per cent.

The Carson News says: "With this increase the total assessed valuation of all property in the State will amount to over \$30,000,000, an increase over the valuation of last year of about \$5,000,000. Of this increase the valuation of the railroads will pay upon a valuation of over \$10,000,000, an increase of over \$2,000,000 upon last year's assessment. With the State rate, reduced to 75 cents, the railroads will pay for State purposes \$3,000,000 more in taxes to the State than they paid last year with the State rate at 90 cents."

## PIUTE EXHIBERANCY OF SPIRITS.

## All About an Old Town Pump That Has Done Service for Years.

The town pump in front of the intersection of the alley adjoining Newt Bakelless' grocery store is dilapidated again and in a generally burst condition. It is about the twentieth time that the serviceable well has had to have its pumping machinery repaired. Three different styles of pumps have been fitted to the well, each of which has come to grief, the cause generally being due to Indians. As they imagined the pump was one of the gifts of the gods, like a government reservation, they tackled it with a vengeance, and would destroy a steam engine. The last time it was destroyed Mr. Bakelless consulted with adjoining business men and a strongly built pump was put in to replace the old bucket style of pump. It has been in use just about five months, and now is tied up for repairs. Like genuine children of nature's Nevada soil, the aborigines delight in nothing more than trying with that pump handle, three of them with a squaw on top, to see how fast it can work. Such is the exhiberancy of spirits that the aborigines, but the business men who have to foot the plumber's bills for repairs are kicking like steers.

## THE LUMBER OUTPUT.

## Figures Made by the Truckee "Republican."

The mills have now, with the exception of two or three, closed down for the season, and the amount of lumber cut in the Truckee basin this year is represented by the following figures:

|                     | FEET.      |
|---------------------|------------|
| Lewis & Smith       | 2,000,000  |
| Truckee Lumber Co.  | 5,000,000  |
| George Schaffer     | 5,000,000  |
| Eller Mill          | 4,000,000  |
| C. Lonker           | 3,000,000  |
| Rock Mill Co.       | 6,500,000  |
| Pacific L. & W. Co. | 5,000,000  |
| Don & Hamilton      | 1,000,000  |
| Richardson Bros.    | 3,500,000  |
| Peck & Lewis        | 3,500,000  |
| Total               | 47,000,000 |

This amount is out to the average, being within only 2,000,000 feet of the best season's run.

The market has been quiet but is improving. The box trade has been good during the entire season. Nearly the entire product of the mills of the Truckee Lumber Company, Richardson Bros., O. Lonker and Peck & Lewis has been used in the manufacture of boxes. The mill men go into winter quarters with good stocks on hand, which will be required to meet the spring trade.

John Moran, who lives two miles from Auburn, Placer county, caught a snake on his ranch a few days ago and that has two well defined heads. It has fangs in both mouths and is as lively as any other reptile. It is about fifteen inches long.

The third frost of the season took a vicious nip at the town last night. It is astonishing how human the weather is becoming.

The clerk of the weather was overheard whispering to his master "say! you've taking a nip too much."

## A NEST OF GENERALS.

A Tennessee Man's Pertinent Inquiry.

The other day a GAZETTE reporter took it upon himself to entertain the Tennessee Colony agents then visiting Nevada and took them to Carson to attend the fair one day. On the train going up it so happened that he introduced the gentlemen to General Powning, General Kittrell, General Irish, General Turrill, General Evans and General Hagerman. When the train reached Carson the first man met was General Jones of the State Land Office whom the GAZETTE man presented them to, shortly after introducing them to General Clarke. Walking down Carson street one of the gentlemen asked the reporter if the people were all Generals in Nevada. The GAZETTE man twigged the joke and answered that they were, that the people of Nevada were all illustrious in their way.

## Help but Don't Coerce.

To help nature in its efforts to throw off the trammels of disease is, of course, the legitimate method of medication. This method is, unfortunately, too often diverged from and perverted into coercion.

Drastic, excessive purging is doubtfully the most frequent form of coercion, literally wrenched into action. Of course this is followed by much gripping pain, and succeeded by exhaustion, which leaves the organs of evacuation in a state incapable of subsequent regularity and activity. The last state of that man or woman who uses drastic cathartics for constipation decidedly worse than the first. Hostetter's Stomach Bitters is the finest laxative in existence, since it produces the needed but no abnormal action, is progressive, not abrupt in operation, but strengthens instead of weakening the organs upon which it acts. Use it for malarial, kidney, rheumatic and dyspeptic ailments.

## A Sure Cure for Piles.

Fitching Piles are known by moisture, like perspiration causing intense itching when warm. This form of piles, when bleeding and protruding, yield at once to Dr. Ross's Pile Remedy, which acts directly on the parts affected, absorbs tumors, always itching and effects a permanent cure. Druggists or mail, transmit free. Dr. Ross's, Piles, O. Sold by S. J. Hodgkinson.

## The Work of the Ladies.

The ladies who had charge of the Agricultural ball at Carson, held during the Fair turned in \$368.00 net, and the ladies who ran the lunch at the track turned in \$452 net, a total of \$820.

The above information should stimulate the Reno ladies to lend a hand at the next State fair and see if their services will not be appreciated.

## Justice Court.

Wm. McWilliams, the horse thief, was taken before Judge Linn this morning and was committed to await the action of the Grand Jury with bail fixed at \$500, in default of which he went to jail.

## Hobbling Peter to Pay Paul.

The Alturas Herald says: The Board of Supervisors received and passed on 164 coyote scalps at the meeting last week. This will bring \$820 into the county.

## WHAT'S IN A NAME.

## How Mud Lake was Changed to Echo Lake.

John B. Gimmel, through his agent, Wm. Ross, is stocking with 3,500 ewes his range north of Mud Lake or as Senator Gibson more euphonistically expressed it, Echo Lake.

The story goes about Echo Lake that Senator Gibson while exploiting San Francisco visited a fish market to which he was in the habit of shipping the piscatorial produce of Mud Lake, where the Senator had located his reserves.

While standing viewing the fish counter in silent admiration, a lady customer came into the vast market and halted alongside of the poorly Senator.

What is the price of those fat trout, the lady inquired, pointing to the finest specimens of Mud Lake. The dealer answered her the price and was about wrapping up the fish when he was questioned "where are the fish from?"

"From Mud Lake, in Nevada, Madame."

I don't want 'em, especially from a mud lake in Nevada, that horrid country where fish grow in mud lakes."

Old Bill became thoughtful. On his next return he re-labeled time-honored old Mud Lake with the more euphonious appellation of Echo Lake, and now his fish are in demand by every lady housekeeper within the length and breadth of California.

## PERSONALS.

Mrs. Jack Fraser left this morning on a visit to Lincoln, Nebraska.

J. N. Norton of Honey Lake is in town looking for a home. He wants to buy.

Hon. Wm. Woodburn left last Saturday evening to attend to important legal business in California.

Mrs. Wm. Plasse from Trinity Centre, California, is visiting her brother, Joseph Ziegler, of the Pioneer Bakery.

Judge Bigelow and wife returned from Elko county Saturday night and continued to their Carson home Sunday morning.

Charley D. Cole of the Arcade left last evening on a business trip to the Bay and will return to-morrow, Providence permitting.

Miss Mable Crooks, who has been the guest of Miss Manning for several weeks past leaves to-night for her home at Hayward.

Mrs. Lucas left last evening for Oakland, to which place she was called by a dispatch which stated that her aunt, Miss Adams, was dying.

Miss Adams formerly lived in Reno at the rectory, and will be remembered by her many friends to whom she was known as "Aunt Jo."

## A Rise in Quinine.

Malaria is becoming prevalent, numerous people being affected with a sort of dumb ague, whether due to impurity of the water supply or the stagnation of water in the ditches and watered fields, the supply of quinine is decreasing in town. The complaint is evidently a minor form of the old-time malarial fever which has been a concomitant of Nevada's blessed climate in the changeable spring and autumn days, ever since its atmospheric luxury has been known and appreciated.
